COMPTON PLEDGE AND COMPTON ADVOCATES HOST 2ND ANNUAL COMMUNITY RESOURCE FAIR; LARGEST HELD IN THE CITY OF COMPTON BRINGING TOGETHER OVER 45 RESOURCES, MOBILE MAMMOGRAMS, AND MORE

COMPTON, CA, February 28, 2022 – The Fund for Guaranteed Income ([F4GI](#))’s [Compton Pledge](#) and [Compton Advocates](#) announce they are hosting their 2nd Annual Compton Community Resource Fair on Saturday, March 5th from 11:00 a.m. to 2:00 p.m. at Gonzales Park, located at 1101 W. Cressey St., Compton, CA 90222. Together, Compton Advocates and Compton Pledge are excited to co-host the event with the support of the City of Compton, Councilmember Michelle Chambers, and Plenty. The resource fair has confirmed over 45 local nonprofit organizations and service providers will be tabling, publicizing a wide range of services from healthcare, financial literacy, youth and women’s advocacy, to local government. Additionally, the resource fair is offering critical women’s health services with mobile mammogram screenings for the Compton Community.

The second resource fair comes after successful collaboration between both Compton-based nonprofits, which first hosted a community resource fair in September 2021, bringing together hundreds during the pandemic to safely learn more about critical resources and services offered within Compton. This year’s community resource fair will continue to take great precautions due to COVID-19, but hopes to see more people come out than in 2021. Compton residents, friends, and family are encouraged to come out to meet their local service providers, enjoy music, and much more.

###

About the Compton Pledge: The Compton Pledge is the Fund for Guaranteed Income’s landmark guaranteed income initiative, distributing recurring cash relief to low-income residents for 2 years, marking the largest city-based guaranteed income pilot in the U.S.

About Compton Advocates: Compton Advocates Coalition is a 501(c)(3) nonprofit organization focused on empowering the residents of Compton by providing connection to resources, promoting unity, encouraging action-oriented solutions, and cultivating the desire for knowledge. Community is at the heart of the organization, which believes in working cooperatively to change the narrative.
